

## Getting to High Trenhouse

### BY RAIL

Travelling by rail is a convenient way to reach High Trenhouse.

1. We are a 30 minute taxi ride from **Skipton** railway station, which has a regular commuter service from Leeds.
2. Or a 15 minutes taxi from **Settle** (Leeds-Carlisle) or **Giggleswick** (Leeds-Lancaster) railway stations. Note these stations have fewer trains and taxis must be pre-booked. We will gladly arrange these for you.

### BY ROAD

**FROM M1 or A1 head to SKIPTON** (approximately 1 hour)

**Then:** (A further 14 miles, approximately ½ hour)

Take the A65 towards Kendal. After 4 miles turn right at Gargrave for **MALHAM**. Continue through Airton and Kirkby Malham, then keep left through Malham up the steep hill. **NOTE: No mobile signal after this point.** After **three miles** of single track moorland road (no buildings, no junctions) you reach a crossroads (small High Trenhouse sign). Continue straight on (strictly speaking a right turn) and High Trenhouse is on your left, due west of Malham Tarn.

**FROM MANCHESTER VIA M62 or from M6 head to SETTLE** (approximately 45 minutes)

**Then:** (A further 5 miles, approximately 10 minutes)

Leave Settle on the Hawes road (B6479). After one mile take a right turn through the village of Langcliffe, signposted to Malham. **NOTE: No mobile signal after this point.** Go up the steep hill and follow the single track road for **four miles**. As you drop down again onto Malham Moor look out for a right fork towards Malham. Bear right, then half a mile to a minor crossroads (small High Trenhouse sign), turn left and High Trenhouse is on the left.
